Enter email + website.

- Set up your AI, GitHub and hosting in your own accounts.
- Work on the agreed migration and check desktop and mobile.
- Practise a change, then keep improving with the cookbook.

For straightforward local-business sites. Full migration may need more work.

Software starts around $40/month: a $20 eligible AI plan plus $20 Vercel Pro. Usage, domains, taxes and extra seats can add cost.

Pay $199 at booking. Cancellation returns $150; the $49 fee is nonrefundable except as law requires. No-questions refund of the workshop fee within 7 days after the session. No ranking or AI-recommendation guarantee.
